

Tutorial Schedule

The tutorials will take place on **Sunday, May 13**, at Graz University of Technology (campus Inffeldgasse, lecture rooms i1, i2, i11, i12, i13). Tutorials, lunch (12:00-13:30), and coffee break (15:00-15:30) are included in the conference fees.

10:30 – 12:00	13:30 – 15:00	15:30 – 17:00
<i>Industrial Track #1 – “Drilling and Mining”</i>		
<u>Introduction to Drilling Engineering and Well Design</u>	<u>Geophysical Surface and Downhole Measurement</u>	<u>Drilling Related Measurements and Process Automation</u>
<i>Industrial Track #2 – “Enabling Alternative Vehicles”</i>		
<u>Advanced Modal Vehicle Emission Analysis</u>	<u>Advanced On-Road Powertrain Systems – Trends and Outlook</u>	<u>Effective CO2 reduction by in-use vehicle measurement</u>
<i>Industrial Track #3 – “Protecting the Environment”</i>		
<u>Environmental Protection through Process Instrumentation</u>	<u>Reliable Water-Quality Monitoring and Efficient Process Control</u>	<u>Achievements and Trends in Analytical Chemistry</u>
<i>Academic Track #1</i>		
<u>Advanced Optochemical Sensors</u>	<u>From Imaging Data to useful Visual Information</u>	<u>Energy Harvesting</u>
<i>Academic Track #2</i>		
<u>Measurement Uncertainties</u>	<u>Nanometrology</u>	<u>Measurement of highest static torques</u>
